

## Customer Service Utilities

The City of College Park provides water and sewer, electric power and sanitation services to city residents and businesses. The professional staff of the Customer Service Department processes utility bills and assists customers in establishing an account. They also answer any questions regarding service. New accounts require a deposit which is normally refunded when service is discontinued, after final bill is paid.

College Park's Customer Service Department is located on the first floor of City Hall where residents can pay bills, open accounts and ask questions. A drive through window, as well as a night deposit drop slot, has been provided for customer convenience. Customer Service is open Monday through Friday from 8:00 AM to 5:00 PM

Customer Service Utilities 404-669-3759

## Engineering

The College Park Engineering Department ensures that public facilities are safe, convenient, functional and attractive, through design controls and construction. Additionally, the Department enforces ordinances regulating private development that impacts public facilities. The Department performs inspections, designs public works projects and investigates citizen complaints such as storm drainage, erosion control, and traffic.

The Department reviews all development plans.

Plans involving lots under 2,000 square feet require a grading/drainage permit.

Construction involving more than 2,000 square feet but less than one acre requires a Land Disturbance Permit.

Construction planned for more than one acre requires a Land Disturbance Permit and review by the Georgia Soil/Water Conservation Commission.

All proposed construction projects are scrutinized for compliance with the following City of College Park ordinances

- Subdivision Ordinance
- Planning and Development Ordinance
- Stormwater Management Ordinance
- Soil Erosion and Sediment Control Ordinance
- Flood Damage Prevention Ordinance

The Engineering Department also manages the Flood Emergency Management Administration (FEMA) Community Rating System (CRS) program which ensures City compliance with State and Federal regulations and is aimed at decreasing the need for private property flood insurance.

Engineering: 404-669-3763

## Planning/Zoning

The Planning and Zoning functions of the City of College Park are performed by a combination of appointed bodies, City staff and professional consultants. The City's planning functions also involve the promotion of economic development. Notably, the City is pursuing establishment of its first "Enterprise Zone," tailored to create a package of incentives for new development within a designated area of the City.

### Planning Commission

The Planning Commission is a recommending body appointed to review planning and development issues at meetings open to the public.

- Rezoning Applications
- Amendments to the Zoning Ordinance
- Special Use Applications
- Subdivision of Land

The Planning Commission provides recommendations to the Mayor and City Council which is the final decision-making body on these issues.

### Board of Zoning Appeals

The Board of Zoning Appeals is a quasi-judicial board appointed to consider zoning, building and business-use topics.

- Variances to Regulations in the Zoning Ordinance
- Appeals of Building Inspections or City Officer/Department Decisions
- Approval of Certain Conditional Businesses Uses - Taxicabs, Ambulance Services

The Board of Zoning Appeals is the final arbiter of cases brought before it at formal public hearings.

### City Planner

Each appointed body is served by the City Planner, a function contracted to Community Relations PLUS, who provides advisory services in the form of written analyses and recommendations. The City Planner updates the Comprehensive Plan and drafts amendments to the text of the Zoning Ordinance, the primary tool used to implement the Comprehensive Plan. Many of the regulatory controls are produced in collaboration with the City Attorney.

The City Planner also advises the City Manager, the Mayor and City Council on matters related to land use and development.

Future Land Use Maps

Creation of Redevelopment Plans

Review of Developments with a Regional Impact (DRI)

Establishment of Overlay District Development Controls - Hospitality District, Transportation District, Urban Design District

The Planning Commission and the Board of Zoning Appeals are also served by the City Engineer, who provides advice in the subdivision of land, transportation planning and traffic safety.

The Director of Development prepares recommendations concerning market demand for particular land uses, impact of development proposals on surrounding development and compatibility of various proposals with the City's development goals and objectives.

The Building Inspector performs site plan review and evaluates zoning proposals and other use proposals for adequate provision of parking facilities, adherence to the purpose and intent of the Zoning Ordinance and compliance of development proposals with the building codes. Importantly, the Inspector is charged with interpretation and enforcement of the Zoning Ordinance.

## Power

The College Park Power System provides reliable, economical electric service to residential and commercial customers in the City of College Park and surrounding Hartsfield Atlanta International Airport. Customer Service: 404-669-3759

Traditional Single-Family Homes  
Multi-Family Residences  
Woodward Academy Buildings  
Manufacturing Businesses  
Food Processing Plants  
Transportation and Distribution Facilities  
More than 27 Hotels, Motels and Meeting Centers

Through its association with the Municipal Electric Authority of Georgia (MEAG Power), College Park Power has full access to the Georgia Integrated Transmission System (ITS) and can serve customers throughout the State. This transmission access, coupled with College Park Power's generation ownership, insures ample capacity and competitive rates for customers choosing College Park Power as their electric supply source.

The College Park Power Company operates an electrical power distribution system serving 10,211 customers. The goal of the City of College Park is to provide reliable economical service at reasonable rates.

College Park Power System is the ninth largest municipal power system in Georgia.

Electric customers consume 53.6 megawatts and 242,077,700 KWH per month.

Electrical services are received at six separate delivery points requiring 25 feeders.

Power distribution systems consist of 88 miles of line.

Field data collectors (meter readers) record consumption of 11,500 electric and water customers each month.

College Park maintains 49 traffic signals.

College Park Power System provides 24-hour service, 365 days a year.

## College Park Public Safety

College Park Fire Department  
College Park Police Department

### College Park Police Department

The College Park Police Department consists of 96 highly-trained, professional Police Officers who make College Park a safe and desirable place to live. The Uniform Division is the backbone of the Department and the first point of contact with citizens. The Criminal Investigations Division is responsible for more in-depth investigations.

One of the most visible and most successful efforts of the College Park Police Department is the Community Policing Program. Community Policing Officers, or CPO's, are assigned to each of the City's four police zones. The CPO's are responsible for working directly with citizens in their assigned neighborhoods. These Officers conduct training and information programs for citizen groups and participate in community activities. The Community Policing Program has resulted in increased cooperation between police and citizens and in the formation of an unprecedented number of neighborhood watch programs.

The College Park Police Department not only does an outstanding job for College Park residents, the Department is also very effective in cooperative drug enforcement efforts with Tri-City Narcotics, a multi-jurisdictional task force of College Park/ East Point/ Hapeville, Union City, Fairburn and Palmetto, and DEA Airport Interdiction Task Force. In fact, College Park recently purchased four new police cruisers and equipped ALL patrol cars with video cameras purchased with seized illegal drug money.

Non-emergencies call 404-761-3131  
Emergencies call 911

[return to top](#)

## College Park Fire Department

Staff of 60 Firefighter/EMT's and Firefighter/Paramedics make up the College Park Fire Department. With the use of three engine companies, one ladder company and two advanced life support rescue units, the Department provides comprehensive fire suppression, emergency medical, rescue, and fire prevention services from two fire stations located strategically in the community.

The College Park Fire Department is certified by the Georgia Firefighters Standards and Training Council as well as the Georgia Department of Human Resources-Emergency Health Section. The Department currently enjoys an Insurance Services Organization (ISO) rating of Class 4 and an average response time of four minutes. The Department is especially proud of its business and community-oriented fire safety education programs. The annual presentation of the Fire Chief's Insignia Award for Excellence in Fire Safety generates keen competition among College Park hotel and motel operators.

Non-emergencies call 404-766-8248.

Emergencies call 911.

## Public Works

The Public Works Department has the responsibility of keeping College Park beautiful. The Department's efforts are directed in many areas.

### Street Division - 404-669-3778

The Street Division is obviously responsible for maintaining streets; however, the Division also maintains public curbs and sidewalks, stormwater sewers, and roadway signs. The Division also sweeps the streets and spreads materials (sand and salt) in the event of a snow or ice storm.

### Parks and Grounds Division - 404-669-3780

This Division maintains the grounds of all City buildings, parks, ballfields and rights-of-way. They also spearhead tree planting and beautification efforts. Park rental can be made through the Recreation Department at 404-669-3767.

### Water and Sewer Division - 404-669-3757

This very important Division of the College Park Public Works Department is responsible for maintaining water distribution systems and wastewater collection systems. Further, the Division regularly tests the water quality of 24 streams and performs grease trap inspections at restaurants and hotels. Division personnel also inspect outside utilities at new construction sites.

Emergencies should be reported to the Police Department at 404-767-3131.

### Sanitation Division - 404-669-3778

The Sanitation Division provides residential and commercial garbage collection, furniture and eviction remnant collection, and brush and limb removal. Additionally, the Division provides drop-off recycling at convenient neighborhood sites and is responsible for animal control. College Park's recycling program has been very successful. In fact, proceeds from the sale of recycled materials enabled the City to plant an

abundance of trees along Main Street in downtown  
College Park.

©1998 City of College Park, GA

## Development

The City of College Park has a long and successful record of assisting developers to locate within the city. Our most recent public/private joint ventures have resulted in over \$100 million dollars of investment in the city's economy. College Park is looking forward to completing proposed projects which represent another \$50 million investment

### The College Park Business and Industrial Development Authority

Stuart Jones,

Power Director

404-669-3772

Bob E. Noble,

Development Director

404-767-1537

College Park has come up with the perfect formula for quality development - an outstanding record of achievement plus an ad valorem tax rate 54 percent lower than the City of Atlanta's. College Park offers additional tax exemption incentives to new or expanding businesses locating in certain designated commercial areas of the city.

## Record of Achievement

New office building construction totaling  
310,000 square feet - including the  
Regional Headquarters of the Federal  
Aviation Administration  
335,000 square-foot Georgia  
International Convention Center  
Construction of the Regional Health Clinic - largest Fulton County health  
facility in South Fulton County - measuring 40,000 square feet  
7,800 square-foot expansion of the College Park Branch of the  
Atlanta-Fulton Public Library System

## Facts & Figures

College Park provides the best of both worlds--a small town atmosphere within the fastest growing metropolitan area in the country. The latest U.S. Census figures set the city's population at 20,457. Employers, however, may take advantage of a metropolitan labor force of 3,039,971. A well-maintained and convenient highway system, along with extensive rapid rail and bus routes, enable workers to access a wide range of employment options.

College Park workers earn, on average, \$615 weekly. This is slightly more than Georgia's weekly average of \$529.

The unemployment rate of College Park is 4.3 percent.  
-Georgia Department of Labor - April, 1998

Georgia is a right-to-work state.

### Principal Manufacturing Industries

- food-related services and products
- concrete products

### Major Businesses

- paper
- chemicals
- fabricated metals
- printing and publishing
- petroleum and related industries
- rubber and plastics
- electrical machinery

### Labor Force

College Park is home to Hartsfield Atlanta International Airport which employs approximately 38,000 people, making College Park the largest employment district in Georgia. Service-related employment is the dominant growth sector in College Park with over 2,000 service sector jobs created since 1991.

## Community

The City of College Park benefits from active citizen involvement in the decision-making process. Members from the business, educational, manufacturing and political communities serve on seven separate city-wide boards and commissions.

The goal of these bodies is to make a significant impact on the future growth and prosperity of the City. Insight, inspiration and solid planning from these committees guide the City's relationships with the surrounding region.

### City of College Park 1998 Boards/Commissions

Tri-Cities Hospital Authority - Mayor and Council submit three names to the Tri-City Hospital Authority for each vacancy. The Authority elects one so that each of the Tri-Cities has three members.

Housing Authority - Members are appointed by the Mayor. No salary to the members, but the Executive Director is a paid position compensated by funds from the Housing Authority.

Industrial Authority - The Industrial Authority consists of seven members: the Mayor and six members appointed by the Mayor and Council.

Pension Board - Members consist of two council members, an employee representative, the City Clerk and the Mayor if the Mayor is not receiving a City of College Park pension. Council members are appointed by the Mayor and Council each

January while the employee representative is elected for a one-year term by City employees.

Recreation Advisory - Members are appointed by the Mayor.

Planning Commission - Members are appointed by the Mayor and Council. No member may serve more than two consecutive four-year terms.

Board of Zoning Appeals - Members are appointed by the Mayor and Council. No members may serve more than two consecutive four-year terms.

404-767-1537

## College Park Library

The groundbreaking ceremony for the new College Park Branch Library facility took place on April 20, 1998. Expected to open at the end of 1998, the building is being financed through a lease-purchase method with the College Park Business and Industrial Development Authority.

Developer - The Keenan Company, Inc.  
Architect - Harris and Partners, Architects, P.C.  
General Contractor - Sebrell/Griffin & Company  
Program Managers - Pounds-Harris-MHR  
Construction Managers - RMJ

The original College Park Library was dedicated in January, 1956 and operated as one of 17 branches of the Atlanta Public Library which later became the Atlanta-Fulton Public Library System. The old 3,500-square-foot facility housed a collection of approximately 34,000 items.

The new one-story, 7,500-square-foot structure will replace the existing library and will be located on the site of the former facility at 3647 Main Street.

The new building will be acoustically constructed to minimize airport traffic noise.

The structure has been designed to comply with Americans Disabilities Act (ADA) regulations.

By opening day, the new facility will feature a 40,000-volume collection of books, large-print volumes, periodicals, audiocassettes, videos and compact discs.

Online computers offering the Library System's collection catalog, a variety of databases and Internet access.

75-seat community meeting room.

Separate children's area for collections and seating.

Specific area for adult seating.

Browsing area for popular materials as well as a general collection and reference services.

Public art provided in coordination with the Fulton County Arts Council for a cost of one per cent of the construction budget.

During the construction, the College Park Branch Library will move into the renovated College Park Health and Welfare Center at 3675 Auditorium Way.

## Health Center

"Care with Compassion, Service with Excellence"

The Willie J. Freeman College Park Regional Health Center was built by development money generated by the City of College Park and was completed in the winter of 1997.

- Primary Care Services

## Support Services

- Mental Health
- Right from the Start Medicaid Services (DFACS)
- Women, Infant and Children (WIC) Nutrition Services

A full service out-patient clinic, the Health Center charges a fee for most services. The fee is based on income and the number of people in the household. Visitors to the clinic are asked to bring their social security cards, proof of income, proof of address and current Medicaid/Medicare cards to keep on record in their medical files.

## Events

Festival / Holiday Events  
Enrichment Programs  
Athletics  
Senior & Adult Programs

### Festival/ Holiday Events

Autumn Happening - September 12, 1998, 10:00 A.M. - 4:30 P.M. Free to Public - Held in conjunction with Opening Day of Youth Football and Cheerleading - festival will take place on the grounds in front of the College Park City Auditorium. Arts and crafts, flea market items, food, good entertainment, demonstrations, and carnival area to play in. There will be plenty of rides and games for the children, bargains for the adults and entertainment for all.

Senior Citizen Thanksgiving Luncheon - Thursday, November 19, 1998, 12:00 Noon. Free (Bring a side dish). The festivities include a traditional turkey dinner along with trimmings. Entertainment TBA. RSVP, 404-669-3773.

"Light Up College Park" - Monday, December 1, 1998 7:00 P.M. Sixth Annual Ceremony will be held outside City Hall on Main St. Refreshments & seasonal music culminating in the "lighting" of the City to begin the Holiday Season.

7th Annual Holiday Door Decorating - Friday, December 11. All City of College Park residents may participate - 6:00 - 8:00 P.M. Winners will receive a picture of the door, and a yard sign.

23rd Annual Christmas Parade - December 12, 1998 "These Are Our Kids" will be this year's theme. Children from the community will be recognized for their achievements. The Recreation Department is seeking participants for this special event. The parade is an excellent way for groups to exhibit community spirit and welcome the Holiday Season to College Park. There will be floats, bands, and characters of all descriptions. Santa Claus will make his official appearance atop one of the City's fire trucks. Awards include: The Mayor's Cup, The Grand Marshal's Trophy, and Most Beautiful Entry Plaque. Those interested in participating should contact the College Park Recreation center: 404-669-3773

## History

The historical significance of College Park can be seen in its architecture which includes a wide variety of styles and development plans. In 1913 a Board of Trade was organized to "advertise our town, pave our sidewalks, boost our schools, grade our streets, get our proper share of county improvements and obtain gas." By 1957, the Chamber of Commerce introduced College Park as A City of Business and Friendly People

### Land Grant Beginnings

A large part of the land on which the City of College Park now stands was granted in 1846 to Mr. Alexander Ratteree, whose descendants are now prominent in the life of the City. According to the best available records, the next settler who built a home here did not come until 1881. In that year, the first store was erected, and soon thereafter, five homes.

### Railway Growth

In 1890, the Atlanta and West Point Railway Company built a spur track into this section, and the town of Atlantic City was created. The name was changed in 1891 to Manchester, and again in 1896 to College Park.

### Academic Traditions

Early in the history of College Park, the town had become a magnet for educational and residential development. In 1892, construction began on Cox College, initially the Southern Baptist College for Girls. Three years later,

founders of Cox College changed the school to a prestigious institution for southern women. Before it was closed in 1938 and razed in 1940, Cox College occupied the site where City Hall now stands.

Paralleling the construction of Southern Baptist College for Girls was the Southern Military Academy, built by the Manchester Military and Chatauqua Company. The school was sold in 1897 and

reopened as Georgia Military Academy in 1900. Today, the school is known as Woodward Academy, named for its founder, Colonel John Charles Woodward.

#### What's In A Name?

When Manchester became home to both Cox College and Southern Military Academy, residents decided to rename the town to more appropriately fit the educational and cultural center it had become. A contest was held to choose an appropriate name for the town, with the winner to receive a choice lot. Mrs. Lula Roper submitted the name of College Park and won the lot. College Park was incorporated on January 29, 1896.

#### Citywide Campus Atmosphere

To give College Park an even more academic atmosphere, Dr. Charles Cox, president of Cox College, asked the Mayor and City Council for the privilege of renaming the streets. It was agreed that avenues running east to west would be named for famous colleges: Rugby, Mercer, Cambridge, Yale, Oxford, Harvard, Princeton, and Columbia. The streets that ran north to south were named for famous people: Washington, Jefferson, Madison, Jackson, Lee, Napoleon, and Victoria. Some thoroughfares were named for outstanding men of the City: Walker, Hawthorne, McCrory, Blalock, Hemphill and Sloan.
